Lancashire
County Council

Last November, we joined all the other councils across our county to launch Lancashire 2050 at the Houses of Parliament in London.

Lancashire 2050 is a strategic plan that helps the county's 15 councils to work more closely together on our shared priorities, that are designed to make Lancashire a better place for you to live, work and prosper.

Our priorities are:

- Economic prosperity
- Transport and infrastructure
- Environment and climate
- Housing
- Early years and education
- Employment and skills
- Health and wellbeing
- Communities and place

This historic shared vision is one of the most significant steps forward for our county in many years.

LANCASHIRE
2050

“These are exciting times, where we work together to take more control of our destiny. The county's future is bright, but with Lancashire 2050, we can make it even brighter.”

County Councillor Phillippa Williamson,
Leader of Lancashire County Council
