*Note: Marked allocations within the Morecambe Area Action Plan were adopted in December 2014 and are not subject to consultation at this time. They are shown on the submission Local Plan Policies Map to provide context for the consultation and because they form part of the Local Plan.

*Note: These designations are made separately to the Local Plan process and may be subject to change.

** Please see the District Wide Policies Map for areas identified as Suitable for Wind Energy and Mineral & Waste areas.

Amendments have been made to policy SC4 to identify a number of key Green and Blue Corridors and Chains (previously known as Green Space Networks), informed by the Green and Blue Infrastructure Strategy, and the list of corridors and chains (including those which have been added or revised) can be found within the policy itself on pages 181 to 183 of the Climate Emergency Review of the Strategic Policies and Land Allocations DPD. The purpose of policy SC4 is to provide a spatial indication and recognition of the key strategic green and blue corridors and chains within our district, as opposed to a fixed, bounded designation.
