APPLICATION DETAILS

This application cannot be used to vary the licence so as to extend the period for which the licence has effect or to vary substantially the premises to which it relates. VARIATION

Continued from previous page...

Do you want the proposed variation to have effect as soon as possible?

Yes No

Do you want the proposed variation to have effect in relation to the introduction of the late night levy?

Yes No

You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable to the late night levy.

If your proposed variation would mean that 5,000 or more people are expected to attend the premises at any one time, state the number expected to attend

Describe Briefly The Nature Of The Proposed Variation

Describe the premises. For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies, you must include a description of where the place will be and its proximity to the premises.

The Royal Hotel is a licensed public house and hotel located on Marine Road Central, Morecambe. The premises benefits from authorisation for the sale of alcohol for consumption both on and off the premises, live music and recorded music. The premises comprises a main bar area, function room, hotel accommodation and associated customer facilities, together with an external area used ancillary to the operation of the premises. This application seeks to vary the premises licence by removing the existing condition requiring a fixed number of SIA registered door supervisors to be employed on Fridays and Saturdays. The applicant proposes that the requirement for door supervisors is instead determined through a written risk assessment undertaken by the Designated Premises Supervisor, Premises Licence Holder or Duty Manager. The premises has operated responsibly under the current licence and continues to promote the licensing objectives through the use of CCTV, a dispersal policy, staff training, age verification procedures, incident management procedures and active management of the premises. The proposed variation will allow the deployment of SIA registered door supervisors where operational circumstances indicate a need, whilst avoiding the requirement to provide door staff on occasions where a risk assessment demonstrates that such provision is unnecessary. No changes are proposed to the licensed activities, licensed hours, opening hours, capacity, layout of the premises or any other existing conditions of the premises licence.

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

The premises will continue to operate in accordance with all existing conditions of the premises licence, save for those specifically identified within this application for removal. The Designated Premises Supervisor, Premises Licence Holder or Duty Manager will undertake a written risk assessment to determine the need for SIA registered door supervisors based on the nature of the event, expected attendance, trading patterns, previous incidents, local intelligence and any other relevant factors. This will ensure that appropriate control measures are implemented where necessary whilst maintaining a proportionate and flexible approach to the operation of the premises.

b) The prevention of crime and disorder

A written risk assessment process will be implemented to determine whether SIA registered door supervisors are required for specific events or trading periods. Where a risk assessment identifies a requirement for door supervisors, appropriately licensed personnel will be employed in numbers proportionate to the identified risk.

Continued from previous page...

c) Public safety

Risk assessments undertaken prior to events or busy trading periods will consider public safety factors including expected attendance levels, customer demographics, entertainment provided and any relevant local intelligence. Where necessary, additional control measures, including the deployment of SIA registered door supervisors, will be implemented.

d) The prevention of public nuisance

Risk assessments will consider the potential for noise, nuisance and dispersal issues and appropriate measures will be implemented where required, including the use of SIA registered door supervisors where identified as necessary by the assessment process.

e) The protection of children from harm
